

# Evidence Review 2015 Pre-Conference Workshop

## Facilitation and Debriefing for Crisis Resource Management

PERIPHERAL HOSPITALS  
EMERGENCY MEDICINE CONFERENCE

### **Objective:**

This workshop will improve your simulation leadership skills by enhancing your understanding of the principles underpinning debriefing and assisting you in creating a secure but challenging educational environment. You will learn to debrief in a truthful but non-intimidating style, providing learners with empowering feedback.

### **Target Audience:**

Health professionals who teach students or staff using simulation based training for medical emergencies.

### **Topics covered:**

- Theory and principles underlying best practice
- Debriefing with judgement but without causing fear
- Advocacy with Enquiry: the use of appropriate questions

### **Approach:**

Participants will engage in an interactive seminar followed by the opportunity to practice the skills taught in a small group.

### **Pre-requisites:**

No prior experience is required. You will be expected to read a small amount of material supplied to you in advance.

### **Maximum Participants**

Maximum of 14 participants per course

### **Location**

Illawarra Shoalhaven Health Education Centre  
42 Loftus St Wollongong

### **Duration**

10.00 – 17.00

Lunch 13.00 – 14.00

The workshop is 3 hours 10.00 – 13.00  
and then repeated from 14.00 – 17.00.

This workshop will be held concurrently with  
Ultrasound course and then repeated in the  
afternoon

### **Course Date**

Wednesday 4 March

### **Course Coordinators:**

Dr Gina Watkins, Senior Emergency Physician  
and Research Coordinator SESLHD

Dr Serena Ayers, Director of Emergency  
Medicine, ISLHD
